■ Email: evelyn.chan@scs.org.sg

■ Tel: (65) 6226 2567
■ Fax: (65) 6226 2569

Venue: SCS Resource Centre, Singapore

The Singapore Computer Society (SCS) in collaboration with Business Technovise International (BTI) is pleased to invite you to attend a high calibre course in leadership, the most important success differentiator in Project Management. This course aims at empowering the Project Leaders, Project Managers and all those involved in project management with the skills needed to build high performance teams that can drive projects to successful completion and obtain the desired outcome.

It will cover project leadership (PL) and management key areas, best practices, case studies, coursework, computer-based interactive sessions, group work and knowledge benchmarking. More importantly, the key aspects of CITPM including the 13 PM areas and Project Experience Report (PER) practical sessions will be extensively covered.

Recognition

We are pleased to inform you that this course also entitles you to
CITPM CPCs/PMP PDUs/Contact Hours * (3-day : 10 CPCs/27 PDUs/Contact Hours, 5-day :
10CPCs/45 PDUs/Contact Hours)

Recognition

The PowerPM Leadership Course (PLC), the first of its kind, is anchored by Mr. TAN Chee Peng, CEO of Business Technovise International, has been reviewed and recognised by the CITPM Chapter.

About the Chief Instructor

Mr. Tan is the founder and CEO of Team SYNthesis and Business Technovise International (BTI), a strategic services firm specializing in Business / IT Strategy, Programme & Project Management (PPM) large systems and business process integration projects.

Prior to BTI, Mr. Tan was the managing partner, Andersen Worldwide managing the consulting practice in Mauritius, Madagascar, Kenya, Malawi, Tanzania and Uganda. Mr. Tan, an ASEAN scholar and a First Class Degree holder from Imperial College, UK, has more than 25 years of consulting experience in financial services industry, helping MNC clients in Business IT Strategy Formulation and Implementation, Business Process Reengineering, Programme and Change Management, Performance Management and, e-Commerce strategy and Implementation. He was previously the Vice President, Technology of Citibank N.A, Singapore.

Mr. Tan was conferred the (CITPM, Senior), the Singapore National IT Project Management Certification on 26 November 1998. Based on his professional work in Singapore, Mauritius and Africa, he was independently nominated and admitted to the International Who's Who of Professionals for 1999. Mr. Tan also sits on the Board of Assessor for the Singapore National IT Skills Certification Programme – IT Project Management since its inception.

He is also a Senior Member of the Singapore Computer Society and has been listed on the "SCS Roll of honour" in recognition and appreciation of his valuable support and contribution to the Society. Mr. Tan has given Project/Programme Management Conferences, workshops and training sessions to more than 2,000 PMs worldwide and has successfully completed assignments in more than 30 countries. Mr. Tan is also a Mauritius SAPES recipient.

How does PLC differ from other courses?

This Project Leadership course covers a wide spectrum of issues other than standard project management areas that must be addressed in order to obtain the desired business outcome.

Experienced Professionals of International repute will be speaking at this event. They will give meaningful insights on key areas of project management.

Tool showcase: This unique professional development opportunity offers a platform to meet and interact with experienced Project Managers, colleagues and peers to share ideas and discuss various opportunities. Participants will also be given hands-on exposure to a real-life PMO tool, in order to broaden their horizons on the alternatives available in this ever-changing world of Project Management.

PLC - The Uniquely Innovative Scope & Approach

Project Procurement ■	■ Coursework

*** Notes to participants: Please bring along the project details (scope, timeline, cost, deliverables, quality plans, risk mitigation plans, communication plans, HR plans, etc) of the project you intend to base your case study on.

Case Studies, Coursework & Reviews

During this 5-day intensive course, you will be provided with personalised assessment sessions with the Chief Instructor, who will review and guide you on your case study and coursework.

Project Leadership Best Practices

You will also be exposed to the best practices from the lessons learnt from past projects around the world by seasoned Practitioners from the PPM Industry.

Group Work

An interesting group work gives fellow participants a golden opportunity to interact and resolve project-oriented challenges as a team. This assignment does not contribute to the assessment.

Assessment Mode & Award

As part of the Course Assessment methodology, the participants will be subject to continual intensive exercises and Computer-based training.

Upon completion of the course, the participants will be awarded an Attendance Certificate during the course wrap-up session. A personalized Individual Assessment Profile will also be given to assist attendees who wish to pursue further international certification such as the CITPM certification.

Personal Leadership

The Project manager is the CEO of a project. Project Management is about people, people and people. This intensive course will prepare you for the following:

- Understanding Professionalism: Management v/s Leadership
- Importance of Governance, Risk & Compliance (GRC) & Win-Win Relationship Management
- The Art of Leadership & Making Things Happen
- People Management: Turning Ripples into Tidal Waves
- Time Management: Doing More with Less.

Introduction to a World-class PM Tool

Project Managers will be introduced to the Leading PMO Tools and will have an opportunity to have direct hands-on experience on a PMO Tool to automate, organise, schedule and provide control of the project management processes:

- Project Management Planning
- Scope / Deliverable Tracking
- Cost, Time & Resource Tracking
- Quality & Risk Management
- Core Competency & Appraisal Tacking
- Communications and Progress & Earned Value Reporting.
